1. Reference is made to telephone conversation between Dr. MacDonald (your office) and Dr. Finnegan (HQ INSCOM) concerning above subject.
2. The History Office, US Army Intelligence and Security Command is presently preparing a photographic history of US Army Intelligence covering the period 1885 and 1973. Because the photographs will relate to contributions of US Army personnel to Military Intelligence operations, it is believed fitting that representative photographs of personnel serving with the Office of Strategic Services in World War II should also be included.
3. Request your office provide, if available, five or six photographs of the following: action photographs of MG William O. Donovan, action photographs of OSS operations in direct support of major US Army elements, and OSS personnel in training.
4. Your cooperation is greatly appreciated, and a copy of any resulting published history will be provided for your information.

FOR THE COMMANDER:

A handwritten signature in cursive script, reading "A. J. McFarland", is written over the typed name.
